Seattle, Wash.

X Recd 1/18/13

Sir:

Returned herewith are your reports of operations at Ketchikan, Wrangell, and Craig, Alaska, as no statements appear thereon with respect to the cash capital, valuation of plants, employees, wages paid, number of fishermen, boats, gear, etc., used. Please fill out the face of each of the reports and return to this office at the earliest possible date. Also please furnish information as to the number of white and native fishermen - trollers or others - supplying each of the plants operated by your company. The number of small boats used is also needed to complete the Bureau's records.

Your prompt attention to this matter will be appreciated.

Respectfully,

Acting Commissioner.
